

Councillor Davis - QoN - CoA Tree Planting

Tuesday, 12 August 2025
Council

Council Member
Councillor Henry Davis

Public

Contact Officer:
Tom McCready, Director City
Infrastructure

QUESTION ON NOTICE

Councillor Henry Davis will ask the following Question on Notice:

1. What is the City of Adelaide's tree planting target for the 2025–26 financial year?
2. Of this target, how many trees are proposed to be planted within the built-up areas of the city?
3. What criteria and process does the administration use to determine the suitability of tree species for street planting?
4. Since the commencement of this Council term, how many gum trees have been planted within the built-up areas of the city?

If gum trees have been planted or are envisioned to be planted then:

5. What is the rationale for continuing to plant eucalyptus species within high-density built areas, given their known issues with leaf and branch drop, root invasiveness, and maintenance costs?
6. What evidence does Council rely on to suggest that eucalyptus trees are compatible with narrow footpaths, paved environments, and streetscapes with high pedestrian traffic?
7. What modelling, if any, has been undertaken to assess the impact of evergreen tree species such as gums on winter shading, particularly in areas where passive solar light is important for residential and business buildings?
8. Have any risk assessments been conducted regarding the safety hazards associated with gum trees shedding limbs during high wind events? If so, what were the findings?

REPLY

1. The tree planting target for the 2025/26 financial year is 307 trees to be planted within the Park Lands and Streets.
2. The tree planting target for built up areas (streets) in the 2025/26 financial year is 200 (new) trees (subject to detailed design and street survey).
3. In addition, the Administration is currently undertaking a review of tree planting opportunities in the 2025/26 and 2026/27 financial years in order to present to the Council a detailed two-year plan plus a further three-year forecast plan for a total of five years as per the resolution of Council on the 27 May 2025 - Item 7.2 - Public Realm Greening Program Update

THAT COUNCIL

1. *Notes the Public Realm Greening Program Update as contained in this report.*
2. *Agrees to develop a 5-year tree planting plan, with a focus on the coming 2 years, which will be reviewed and updated on an annual basis, to guide budget and business planning, ratepayer awareness raising and stakeholder engagement, which describes using past and current investigations:*
 - *Potential sites for tree planting based on high-level mapping of streets and based on considerations such as location of underground services and urban heat mitigation benefits.*
 - *Provides an estimate of how the proposed planting program helps to achieve canopy cover targets in the City, focusing on areas within the CBD and north Adelaide, excluding the Park Lands*
 - *Describes the current and future species mix and maintenance and requirements for watering*
 - *Reports on trees planted each year, planting locations and species.*
4. Council has a preferred tree planting list currently comprising of 80 trees species with 49 being exotic and 31 natives. This list has been developed over time and the trees on this list are considered by Council's Arborist and Technical Services teams as the most appropriate trees for planting in the City of Adelaide, subject to the site characteristics and environment.
 - 4.1. The process involved in determining if a tree can be planted and species is complex and requires five key stages:
 - 4.1.1. Site Conditions,
 - 4.1.2. Tree Suitability,
 - 4.1.3. Environmental Outcomes,
 - 4.1.4. Maintenance and Life Span, and
 - 4.1.5. Stakeholder and Public Consultation.
 - 4.2. Tree sizes vary from small trees, up to eight metres in height, to large trees over 15 metres. Two important attributes for tree selection contained in the list are shade capacity and biodiversity outcomes. Given the commitment to these outcomes, tree selection focuses on these attributes.
 - 4.3. This list provides for a range of trees that can be chosen for any situation and is updated regularly to incorporate new trees and to remove trees that appear not to thrive in an urban environment. Diversity of species is important as it assists in preventing a disease impacting a singular type of tree.
 - 4.4. A report to the Infrastructure and Public Works (IPW) Committee on 20 May 2025 detailed the steps in determining what trees can be planted in chosen locations and included a flow chart that shows the complexity in choosing a tree to minimise future risks. The flow chart can be viewed [here](#) (Link 1) and the report can be viewed [here](#) (Link 2).
 - 4.5. Note as part of Council's Capital Works Monthly Report, numbers planted, location and species of trees are provided.
5. In relation to the planting of gum trees, since commencement of this Council term (November 2022), approximately 132 gums have been planted in city streets.
6. Large eucalypt planting is discouraged in highly pedestrianised areas unless there is sufficient space. Large eucalypt species are planted in locations where they can thrive, have a high success rate for growth and cause minimal to no disruption to below ground services. For example, this year Council planted eucalypts in the central median of West Terrace and Wakefield Street where root damage will be minimal.
7. Council has undertaken a review of its eucalypt species and those that are planted within streets are not known for dropping limbs. It should be recognised that all trees drop leaves and any large tree, whether it is native or exotic, could drop branches at any time. It should be noted that eucalypt species planted by Council are very resilient, grow quickly, support native birds and insects.
8. Council does not plant large eucalypt trees in streets with narrow footpaths. Small or dwarf eucalypt species are considered in these situations along with exotic species. For example, in Royal Place, four Dwarf Lemon Scented Gums were planted in 2024/2025.
9. The shade impact of evergreen trees is well understood by Council's Arborist and Technical Services teams. Evergreen trees will block a percentage of sunlight throughout the year (including winter).

10. Consideration has been given to passive solar design through the planting of deciduous trees. Their impact upon the streetscape and surrounding properties is well understood and assists in managing sunlight for heating and cooling buildings as well as pedestrian areas. These trees provide shade in the summer and allow sunlight to permeate in the winter when their leaves fall.
11. As part of its risk mitigation strategy, Council's Arboriculture Team inspects trees regularly based on their location given that all mature trees have the capacity to drop branches in high winds. Trees located within high use event spaces in streets and parks are inspected annually, while other trees in streets and parks are inspected every three years.
12. When selecting a tree for any location, several considerations are taken to minimise future risks. Please refer to Link 1 in paragraph 4.4, which details all the steps taken to minimise the risks from trees chosen for all sites.

Staff time in receiving and preparing this reply	To prepare this reply in response to the question on notice took approximately 5.5 hours.

- END OF REPORT -

Councillor Couros - QoN - Mainstreet Revitalisation

Tuesday, 12 August 2025
Council

Council Member
Councillor Mary Couros

Public

Contact Officer:
Tom McCready, Director City
Infrastructure

QUESTION ON NOTICE

Councillor Mary Couros will ask the following Question on Notice:

'Can Administration please advise the following:-

1. Advise when the Main Street Revitalisation proposal for Hutt Street (initiated over three years ago) and Hindley Street (which has been in planning and discussion for over 10 years, both of which have funding allocated be presented to the council for consideration?
2. Provide the timeline and key milestones for the main street revitalisation projects for Melbourne Street, O'Connell Street and Gouger Street?'

REPLY

1. At its meeting on 27 June 2023, through its Business Plan and Budget deliberations, Council resolved the prioritisation of, timeline and key milestones for the design and delivery of Main Streets projects as outlined below:

THAT COUNCIL:

21. Prioritisation and identification of Street Upgrades

- 21.1 *Notes in the 2023/24 Business Plan & Budget, an allocation (new & upgrade) of \$2.4 million for the delivery of the Hindley Street Detailed Design.*
- 21.2 *Approves an indicative forward estimate (new & upgrade) within the Long-Term Financial Plan for Hindley Street of \$12.6 million for construction occurring in 2024/25 and 2025/26.*
- 21.3 *Notes in the 2023/24 Business Plan and Budget, an allocation (new & upgrade) of \$500,000 for the delivery of the Gouger Street Concept Design.*
- 21.4 *Approves an indicative forward estimate (new & upgrade) within the Long-Term Financial Plan for Gouger Street of \$2 million for detailed design in 2024/25 and \$12.5 million for construction occurring in 2025/26 and 2026/27.*
- 21.5 *Approves an indicative forward estimate (new & upgrade) within the Long-Term Financial Plan for O'Connell Street of \$2.5m, for detailed design occurring in 2024/25 and \$12.5 million for construction occurring in 2026/27 and 2027/28.*

- 21.6 Approves an indicative forward estimate (new & upgrade) within the Long-Term Financial Plan for Melbourne Street, for a total of \$1.5 million for detailed design occurring in 2025/26 and \$5 million for construction occurring in 2026/27 and 2027/28.
- 21.7 Approves an indicative forward estimate (new & upgrade) within the Long-Term Financial Plan for Hutt Street of \$2.5 million detailed design occurring in 2024/25 and \$10 million for construction occurring in 2025/26 and 2026/27.

HUTT STREET

2. The Hutt Street Main Street Revitalisation Project was presented to the Infrastructure and Public Works (IPW) Committee and Council in August and November 2024, which included concept designs for review and endorsement.
3. At its meeting on 26 November 2024, Council resolved that the Administration undertake further engagement with key stakeholders within Hutt Street.

THAT COUNCIL:

- 1 Approves for the purposes of public consultation:
 - 1.1 Option A (Existing conditions - footpath option only); and
 - 1.2 Option B (Renewal with 60-degree angle parking) and
 - 1.3 Option C (Renewal with 45-degree angle parking) and
 - 1.4 Option D (Current Concept (interpeak parallel) and
 - 1.5 Option E (Combined 45-degree angle parking)

As presented on the 19 November 2024 within the Hutt Street Revitalisation Project (Car Parking Review) Workshop and contained within Attachment A to Item 7.1 on the Agenda for the meeting of the Infrastructure and Public Works Committee held on 19 November 2024.
- 2 Notes the outcomes of the Community consultation will be presented to Council for consideration and approval.
- 3 Notes the new timeline and forward estimates for the New / Upgrade allocation due to the request to review the concept plan with particular focus on the provision of car parking spaces.
4. In line with this resolution, a comprehensive community engagement process was undertaken. The outcomes of the consultation will be presented to Council at a Workshop at the IPW Committee on 19 August 2025, followed by a report to the IPW Committee and Council in September 2025 for consideration.
5. Council resolution is required on one of the options to assist the Administration to progress the design finalisation, procurement and subsequent delivery of the project.

HINDLEY STREET

6. The Hindley Street Main Street Revitalisation Project was presented at a CEO Briefing on 2 April 2024 seeking feedback from Council Members on the concept design. The Administration subsequently presented a confidential CEO Briefing held on 22 October 2024, reflecting a revised concept design option for Council's consideration and feedback.
7. The Administration is progressing with the Hindley Street Main Street Revitalisation Project - detailed design process which will be presented back to Council in due course.

MELBOURNE STREET

8. In relation to the timeline and key milestones for the Melbourne Street Main Street Revitalisation Project, the works are progressing in accordance with the timeline set out in the Council resolution from the 27 June 2023 Council Meeting, being for detailed design to occur in 2025/26 and construction to occur in 2026/27 and 2027/28.

O'CONNELL STREET

9. In relation to the timeline and key milestones for the O'Connell Street Main Street Revitalisation Project, the works are progressing in accordance with the timeline set out in the Council resolution from the 27 June 2023 Council Meeting, being for detailed design to occur in 2024/25 and construction to occur in 2026/27 and 2027/28.
10. At its meeting on 26 November 2024, Council resolved,

THAT COUNCIL:

- 1 *Approves the detailed design for the O'Connell Street Revitalisation Project, in relation to the eastern footpath between Archer Street and Tynte Street as contained in Attachment A to Item 7.3 on the Agenda for the meeting of the Infrastructure and Public Works Committee held on 19 November 2024.*
 - 2 *Notes the further development of detailed design to 100% completion and the subsequent construction of the eastern footpath between Archer Street and Tynte Street.*
 - 3 *Asks the Administration to review the current main streets program in relation to funding and timing opportunities, with the goal to potentially construct the section of footpath from Archer Street to Tynte Street on the western side of O'Connell Street, within the 2025/26 financial period and that a report is brought back to Council for consideration.*
11. In line with the resolution, the Administration has commenced the construction of the eastern footpath between Archer Street to Tynte Steet and anticipates its completion by September 2025.
 12. The Administration will be presenting a report on the progress of the O'Connell Street Main Street Revitalisation Project at the IPW Committee on 19 August 2025.

GOUGER STREET

13. In relation to the timeline and key milestones for the Gouger Street Main Street Revitalisation Project, the works are progressing in accordance with the timeline set out in the Council resolution from the 27 June 2023 Council Meeting, being for detailed design to occur in 2024/25 and construction to occur in 2025/26 and 2026/27.
14. Detailed design for Gouger Street Main Street Redevelopment Project commenced in 2024/25, with extensive community and stakeholder consultation having been undertaken. It is anticipated that a report will be presented back to Council for consideration in October 2025.

Staff time in receiving and preparing this reply	To prepare this reply in response to the question on notice took approximately 5.5 hours.

- END OF REPORT -

Deputy Lord Mayor, Councillor Martin - QoN - CFG and IPW Committee Tuesday July 15, 2025

Tuesday, 12 August 2025
Council

Council Member

Deputy Lord Mayor, Councillor
Phillip Martin

Public

Contact Officer:

Anthony Spartalis, Chief Operating
Officer

QUESTION ON NOTICE

Deputy Lord Mayor, Councillor Phillip Martin will ask the following Question on Notice:

'Could the Administration advise;

1. The names of the Councillors who were present and able to participate in the meeting, the names of the elected members who lodged apologies and the names for whom no apology or explanation was received in advance of the meeting
2. The approximate and cumulative time elected members and staff present expended before the meetings were abandoned, and
3. The costs associated with the inquorate meeting, including external organisations or individuals who had been required to attend?'

REPLY

1. The meetings of the City Finance and Governance Committee and the Infrastructure and Public Works Committee, originally scheduled to be held on Tuesday 15 July 2025, at 5:30pm and 6:30pm respectively, were adjourned to Thursday 17 July 2025 as the meetings did not achieve a quorum.
2. The following Council Members were present in the Colonel Light Room on Tuesday 15 July 2025:
 - 2.1. The Right Honourable the Lord Mayor, Dr Jane Lomax-Smith
 - 2.2. Cr Martin
 - 2.3. Cr Giles
 - 2.4. Cr Siebentritt.
3. The following Council Members provided their apologies in advance of the scheduled meeting time:
 - 3.1. Cr Couros
 - 3.2. Cr Abrahamzadeh
 - 3.3. Cr Snape.
4. No apology was received from Cr Davis and he was consequently recorded as absent.
5. In accordance with regulation 7(2) and (3) of the *Local Government (Procedures at Meetings) Regulations 2013* (SA) and the adopted Core Committee Terms of Reference and Meeting Procedures, a meeting may

be adjourned to an alternative time and date should the Chief Executive Officer (CEO) receive a sufficient number of apologies in advance of the scheduled meeting time, to indicate that a quorum would not be achieved or at the expiration of 30 minutes from the scheduled meeting time. If a quorum is not present, the Presiding Member, or in the absence of the presiding member, the CEO, will adjourn the meeting to a specified date and time.

6. At the expiration of 30 minutes from the time the meeting of the City Finance and Governance Committee was scheduled to commence, the meeting was adjourned due to a want of quorum. At this time, the CEO formed a view that a quorum would not be achieved for the meeting of the Infrastructure and Public Works Committee scheduled for 6:30pm and adjourned the meeting.
7. As the City Finance and Governance meeting was scheduled to commence at 5:30pm and was consequently adjourned at 6pm, Council Members and members of Administration present were in attendance for approximately 30 minutes.
8. The attendance of staff is incorporated within individual contracts of employment or within conditions of the Salaried Enterprise Agreement.
9. Costs associated with the adjourned meetings are detailed below:
 - 9.1. Council Member Post Meeting Catering: \$195.34
 - 9.2. City Finance and Governance Committee
 - 9.2.1. Nil
 - 9.3. Infrastructure and Public Works Committee
 - 9.3.1. External Attendance: The attendance of external partners and consultants was requested for the items detailed in the table below. Fees paid to external partners and consultants varies dependent upon the relevant contract and can form a part of project progress payments. Due to this, some fees payable to external partners and consultants have not yet been invoiced to the City of Adelaide, however an estimated expected cost is provided below:

Item	Associated Fees	Cost
7.2 – Integrated transport Strategy	Consultancy Services (Interstate) - Professional Fees - Flights, Accommodation, Travel & Meal Allowance	Approx. \$1,300
	Consultancy Services (local) Professional Fees	\$1,320
7.3 – School Safety Travel Review	Professional Fees	\$1,120
		Total: \$3,740

10. The total cost associated with the adjourned meetings is approximately \$ 3,935.34

Staff time in receiving and preparing this reply	To prepare this reply in response to the question on notice took approximately 3.5 hours.

Officer

QUESTION ON NOTICE

Deputy Lord Mayor, Councillor Phillip Martin will ask the following Question on Notice:

'Could the Administration provide in advance of the next meeting of Council a summary of the attendance of elected members at Committee and Council meetings in July 2025 including corresponding absences, specifically noting any without explanation or apology?'

1. In accordance with regulation 8 of the *Local Government (Procedures at Meetings) 2013* (SA), the adopted Core Committee Terms of Reference and Meeting Procedures and the Council Code of Practice for Meeting Procedures, Council Members who provide an apology or who have received an approved leave of absence in advance of a meeting of Council or a Core Committee, will be recorded as such in the minutes of the meeting. Council Members who do not provide an apology or who are not on an approved leave of absence, are marked as absent.
2. In accordance with Regulation 7(4), for meetings adjourned for want of quorum prior to the commencement of a meeting or during the proceedings of a meeting, the Chief Executive Officer (CEO), or delegate, must make note of the members present in the minute book, the reason for the adjournment, and the time and place the meeting is to be adjourned to.
3. A summary of Council and Committee Meeting attendance for meetings held between 1 July and 31 July 2025 is provided below. Meetings adjourned due to want of quorum in advance of the commencement of the meeting are marked with an asterisk (*).

QUESTION ON NOTICE

Deputy Lord Mayor, Councillor Phillip Martin will ask the following Question on Notice:

‘Could the Administration, using the same template for information provided in 2024, summarise the attendance details of the current and remaining elected members for 2024/25?’

REPLY

- 1. In accordance with regulation 8 of the *Local Government (Procedures at Meetings) 2013* (SA) (Regulations), the adopted Core Committee Terms of Reference and Meeting Procedures and the Council Code of Practice for Meeting Procedures, Council Members who provide an apology or who have received an approved leave of absence in advance of a meeting of Council or Core Committee, will be recorded as such in the minutes of the meeting. Council Members who do not provide an apology or who are not on an approved leave of absence, are recorded as absent.
- 2. In accordance with Regulation 7(4), for meetings adjourned for want of quorum prior to the commencement of a meeting or during the proceedings of a meeting, the Chief Executive Officer (CEO), or delegate, must make note of the members present in the minute book, the reason for the adjournment, and the time and place the meeting is to be adjourned to.
- 3. A summary of Council Member attendance at Core Committee Meetings and Council Meetings held between 1 July 2024 and 30 June 2025 is provided in the tables below. Meetings adjourned due to want of quorum in advance of the commencement of the meeting are marked with an asterisk (*). Meetings adjourned during the proceedings of the meeting and subsequently reconvened at a later date are marked with a cross (x).
