THAT THE INFRASTRUCTURE AND PUBLIC WORKS COMMITTEE:

- Having taken into account the relevant consideration contained in section 90(3) (b) and section 90(2) & (7) of the *Local Government Act 1999* (SA), this Special meeting of the Infrastructure and Public Works Committee dated 25 November 2025 resolves that it is necessary and appropriate to act in a meeting closed to the public as the consideration of Item 6.1 [Kerbside Waste Collection and Disposal Services] listed on the Agenda in a meeting open to the public would on balance be contrary to the public interest.

Grounds and Basis

This Item is commercial information of a confidential nature (not being a trade secret) the disclosure of which could reasonably be expected to confer a commercial advantage on a person with whom the council is conducting business.

Public Interest

The Council is satisfied that the principle that the meeting be conducted in a place open to the public has been outweighed in the circumstances because the disclosure of this information may result in release of information prior to the finalisation of 'commercial in confidence' negotiation with the proponent and a competitor receiving the information to the detriment of the proponent who supplied information at this point in time, may materially and adversely affect the financial viability of the proponent for any future projects and because the disclosure of Council's commercial position may severely prejudice Council's ability to discuss/participate or influence a proposal for the benefit of the Council and the community in this matter and in relation to other contract negotiations.
